Hi Andrew,

I've sent the request to OAQPS, when I hear back from them, I will let you know what day/time works.

Thanks,
Jessie

Subject: RE: [External] RE: EtO Facility Emissions

Good afternoon Jessie,

I request a 1-hour call with EPA staff to discuss EPA's EtO emission calculations for PA facilities (B. Braun Medical, COSMED, and ACS). We are available for a call next week at the following times:

Tuesday, May 31, 1:00-2:00 pm
Tuesday, May 31, 2:00-3:00 pm
Wednesday, June 1, 9:30-10:30 am
Wednesday, June 1, 12:30-1:30 pm
Wednesday, June 1, 2:30-3:30 pm
Thursday, June 2, 2:30-3:30 pm

Let me know if EPA staff would be available. I can send the invite. If one of these times does not work for EPA, I can look into our availability for the week of June 6.

Thank you.

Best regards,

Andrew

Alice,

Thank you! I will reach out to Jessica shortly about scheduling a call with the DEP team.

Question: Does Region 3 have any HEM input for the ACS facility yet that it can share with us? (We have the input for the B. Braun Medical and COSMED facilities.)

Best regards,

Andrew

Hi, Andrew: Here's a presentation that was made to the S/Ls on the emissions and modeling work done for the facilities. This would help with the conversation on what was done. I am also attaching the Section 114 ICR responses for PA...ACS did not respond (please change the extension back to .zip).

I will be out of the office from 5/25-5/31. Please feel free to contact Jessica Fry of my staff to arrange a call with PADEP. If the timing allows, we may also be able to have someone from OAQPS participate.

Subject: EtO Facility Emissions

Good morning Alice,

I'm reaching out to you to find out if you would be able to help us understand how EPA calculated the emissions for model input for the three EtO facilities in Pennsylvania shown by EPA to have elevated risk (B. Braun Medical, COSMED, ACS) and to help us better understand the public meeting process that EPA plans to carry out. DEP staff would like to have a call with you and your staff (or OAQPS staff) to discuss these issues. Please let me know if this is doable and if so, I can look at our calendars and suggest some dates/times.

Thank you.

Regards,

Andrew
